Message from the Head

Dear Parents,

I really enjoyed spending time with Year 3 at Marwell Zoo on Tuesday; a perfect opportunity to get to know the children better and a great day was had by all! They were incredibly inquisitive and very brave when given an opportunity to touch a snake.

I hope you enjoy watching Children In Need on television tonight and thank you for supporting this great cause in school today. We will update you next week on how much money we raised.

Kind regards

Mrs Jearrad

PTA Update

School Disco

Thank you to everyone who supported this PTA event, we had a fantastic turn out, especially in KS1 and made a very respectable profit of £311.76 It was lovely to see the children, adults and teachers strutting their stuff on the dance floor! A huge thank you to our PTA members who give up their time to raise money that will benefit our children.

Allotment/Garden

A huge thank you to Mrs Myerscough-Jackopson and her team of parent helpers who have been in school this week clearing the raised beds in the allotment/garden area. It really is well on the way to become a useable area for the children to bring outdoor learning into the classroom again. We are hoping for some donations of strong plastic covering to prevent weed growth and wood chip to enable the pathway to be laid. If you have any garden centre connections or know of anyone we could approach to get donations please let Mrs Myerscough-Jackopson know; either directly or through the school office.

Bag 2 School

This weekend is an ideal opportunity to have a clear out of any unwanted good quality clean clothes, bedding, (duvet covers, pillow cases & bed sheets) curtains, bags, belts, soft toys and shoes to put in the 'Bag 2 School' that will come home in book bags on Thursday 23rd November.

I would like to take this opportunity to thank all those parents who have come into school this week to alert either myself or the class teacher of conversations going on that are making many of you feel very uncomfortable. It is quite distressing for my teachers to be shown comments made on Facebook especially when it is being used as a moaning platform. The teachers at our school work incredibly hard every day to provide our children with the best education to ensure they will have every chance of reaching their end of year targets.

I would always encourage any parent who has a worry or a concern related to their child to contact the class teacher in the first instance to talk it through. If unresolved, appointments can then be made at the office to speak to a member of the senior team.

As responsible parents, everyone should be modelling appropriate, safe use of the internet to our children. Children are very perceptive and will be aware of what you do and say online.

Diary Dates

Fri 17 th Nov	Children In Need - Spotacular
Wed 22 nd Nov	KS1 & Year Phonics workshop 2:45p.m.
Thurs 23 rd Nov	Year 6 Evacuee day

Do not be interested only in your own life, but be interested in the lives of others.

Holly class' trip to Marwell

On Tuesday, Holly class went to Marwell Zoo. On the morning of the trip, all of the children were very excited. We travelled by coach to Marwell Zoo and once we arrived separated into two groups. We had an opportunity to walk around the zoo and see many different animals. One group started with the penguins who were all outside. Later on in the day we had a workshop focused on the purpose of skeletons and muscles. There were several activities for the children to have a go at including: seeing different skeletons of animals and measuring them; building a rib cage out of bricks and exploring the impact that skeletons provide as a structure. After the activities the member of staff let us meet one of the pythons and we were able to stroke her. We rounded off our day by exploring the rest of the zoo. We all really enjoyed our trip and learnt lots of new things about animals and how their skeletons and muscles support their movement.

Beth says "My favourite part of the day was when we got to measure the skulls during the workshop. I have not done this before and I think the biggest skull belonged to the crocodile."
