

Learning Intention:

- We are learning to define and identify the human and physical features of an Island.

Success Criteria:

- I can explain the difference between a human and physical feature
- I can sort the features and place them under the correct heading

Definitions

A physical feature is something which is natural - it happens naturally

E.g. land, water within a land, soil

A human feature is something man-made or it was made by a human being e.g. buildings

Starter
