This week we are going to be starting to look at the 1000 Year Old Boy. Before reading any of the book, I want you to complete the word search so you are aware of some of the more complicated words available.

English Lesson 1

Complete the word search and then look at the front cover of the book and make a prediction based on what you think might happen in in the book. Look carefully at the cover because there are some clues on there that will help.

English Lesson 2

Read the Page titled Alfie. Create a description of the character Alfie based on what you have read. This section is going to need you to use your imagination to make the character your own.

English Lesson 3

Read Chapter One of the book, write down any words you are not sure what it means. Then using a dictionary or an online dictionary, find the definition of the words you aren't sure of. Once you know what the words mean, try and use them in a sentence of your own.

English Lesson 4

Read Chapter Two of the book. Draw a picture of what the cave that Alfie is staying in may look like.

English Lesson 5

Read to the end of Chapter 4. Look at the first paragraph on Page 18.

Be honest. If some kid that you'd just met told you he was a thousand years old, what would your reaction be?

Even though in the book the question is rhetorical, I want you to answer what you think your reaction would be if you.
