

10th February 2023 – Y1 Question of Faith Day

Question of Faith Day

Southampton City Mission visited Birch Class to support our RE teaching. Our topic this half term was change and the children fully immersed themselves in all the activities that Joyce brought along with her. We started the day by discussing what changes we have already experienced in our own lives through a game. The children loved being physical with their learning.

We then shared several stories from the bible in practical and visual ways. In these stories, the lives of the people who met Jesus changed drastically.

In the afternoon, we had a chance to ask Joyce questions relating to our learning or Christianity in general. We came up with some great questions and were able to share how deep our thinking was.

We then searched high and low for foam pieces to create our collages. There was one special piece that we had to keep an eye out for. When we found the special piece, we learnt that Christians see Jesus as being their special piece. Christians believe that thankfully there isn't just one special piece and that Jesus can be special for all of us.

We ended the day by creating collages based on the stories we had learnt earlier on in the day. We also had a chance to find out the answers from our earlier questions.

Thank you Joyce and
Southampton City Mission!
