#### Science Activities week 2

Classify the following creatures:

### Classification of Invertebrates

Insects	Arachnids	Molluscs
six legs, three body parts, e.g. ants, wasps, butterfly	legs, two body parts e.g. spiders, scorpion,	slimy foot, often have a shell e.g. snails, octopus, slugs

Go on a minibeast hunt and record what you find...

## Minibeast Hunt

Name:

What creatures have you found? Where did you () find them? Try and find 8 different creatures.

Minibeast	Where did you find it?	Picture
millipede	under a log	
	•	

# Find some yeast from Tesco. What happens when you pour water onto the yeast and add sugar?

If you use double to sugar does it create a bigger reaction?

#### Level of Mixture

	minutes	minutes	minutes	minutes
Yeast
