

The Secret Garden

Please work through these activities

If you can read the book and watch the film too
that would be great!

In Science we will be looking at plants: the parts of a plant, how they grow and what they need to thrive.

Can you grow some cress or grass from seed? How tall will it grow? Make a prediction and keep a measurement diary.

Parts of a Plant

Using the words below, label the different parts of a plant.

Flower

Stem

Roots

Seeds

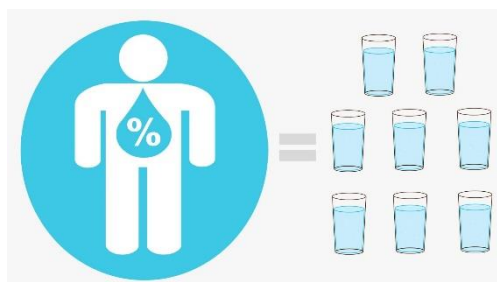

Leaves

Water is important to keep all our cells working and our brain active. How much do you drink in a day?

Record how many glasses you have, and measure how much there is in the glass. How much have you drunk in total?

Day	Tally	Total

Keep practicing your fact fluency for Maths including:
 2 times table, 5 times table and 10 times table facts
 Can you use them out of order? Can you use them to work out
 the corresponding division facts?
 Challenge yourself to learn the 3 times table too!

Mary goes to Yorkshire from India. What can you find out about Yorkshire? What can you find out about India?

Use seeds, leaves, flower petals and anything else plant based to make a picture! Photos of sculptures, non-permanent pictures etc would be wonderful!
