

World Hope Day – February 2023

We put a board out for the whole community to add to with their thoughts on their 'Hopes for the Future!'

We had some fantastic comments! Thank you for participating!

Know you are beautiful inside and out and can achieve anything you set your mind to.

To be happy.

Realise your true potential and know you are loved.

Follow your dreams, you can do it!

Be happy and healthy, feel safe, secure and loved within the family unit!

To be brave.

To grow up in a world with love and acceptance and no suffering.

Be happy and live the life you have always dreamed of... everyone is different.
